

SOLAR PANELS

Mongolia, Asia

Rosa M. Ros

*International Astronomical Union
Technical University of Catalonia, Spain*

Without electricity

With solar
panels
oriented

With different orientations?

ALWAYS with the same orientation
according the solar path!!

Direction N-S with the inclination = **site** latitude

Best sits in the Bus

From Ulaanbaatar to Tsetserleg

Sunny part on the South part,
that is to say
it is better to sit on the right

**Many Thanks
for your attention !**
