

Conclusion of ASTRO-CULTURE COURSE IRAN, TEHRAN, 2021

At the end of the course, participants expressed their suggestions in the closing session. Here are several examples:

- I am a teacher student of teacher training university and I am studying educational science. I'm really enthusiastic about astronomy but I have never seen the course like NASE that teach astronomy to teachers specially. Thank you for this great course, I'm waiting for the future NASE courses.
- I like astro-culture course because I like architecture, history and etc. this course gave me a new view of astronomy. Thank you for this course.
- The tools that I made in NASE workshops are simple but very useful and attractive. Thank you
- I have attended all the courses and it is always interesting for me.
- The topic of course is very attractive.
- All instructors are perfect, thank you all and I enjoyed of course
- The content of course is very useful and practical.
