

Conclusions - NASE in Mauritania

The astronomy lessons with Rosa Maria, Corina and Koffi were very good. The instructors are friendly and help when they can. The participants are very nice too. The lessons are not very long. it was a fantastic experience.

There are some opinions from several participants:

- The atmosphere is friendly. Participants are fun. We speak in French. the lessons were in French, we speak French and write French.
- We like to write and speak and read French, it's easy for us
- We were also on a break during the lessons. The duration of the lessons is 3:30 hours and we have a break of 10-40 minutes.
- "The atmosphere is very good during the lessons. the participants are very nice and I learn a lot.
- The things we did with you were very good.
- All the teachers were very good.
- Fantastic program on Astronomies. The workshops were perfect.
- Thank you NASE
- Thank you Rosa Maria Ros Ferre and Corina Toma and Doh Koffi ADOR
