

Conclusions of the NASE cours in Xi'an, Shanxi, China

October 2019

In the closing session, at the end the course, it took place the evaluation of the course. The participants mentioned that the course was very good, They believe that it is interesting and useful for them in order to use in their schools. They enjoy mainly the activities but they would like to suggest another site in future occasions in order to get best observations

Congratulations to the organizers
