What especially criticize?

- It should be supported with arabic subtitles
- Non
- We need more time to ask
- No. The training was very useful.
- Translation is wanted
- We want more activities in our Specialty
- The contact program
- I can't hear clearly
- Nothing
- Nothing. All are very good
- When we use the Zoom app, some members did not mute the mic, and that did not make me concentrate well. But the instructors presented the scientific material well and fun.
- Information are not enough
- Nothing, all is interesting

What you would value more?

- Workshops
- More lectures and giving us the basics of space science
- A lot of use
- How can I give the information by using easy method
- Can contact by other Microsoft meeting program

Other observations (it is important to have them!)

- Thanks
- A lot of material to study
- I want more translation for specific words
- I hope you do it again to continue our benefits

- Because of the current conditions, you were able to give the course through the application Zoom, but at the end of this pandemic, workshops must be held to display more ideas and make trips to areas in the Egyptian desert and observatories to view the stars and the telescope and watch the outer space and show more films and provide scientific material for students and make models for what they watch it
- The lectures should be added with pictures
