

Conclusions ASTROPHYSICS COURSE

Russia, 2020

After the last workshop in the closing session of the course we collect several comments from the participants

- Fascinating demonstrations
- Very practical every activity
- Simple for us and of course for our students too
- Very interesting activities
- Very complicated theories explained in a very simple way.
- To explain very clear for students the Big Bang
- A lot of difficult concepts presented in a simple way
- Thank you for your team effort
- Thank you a lot for your workshop, Prof. Rosa.
- It is very easy to understand watching videos
- A lot of information in a short time
