What especially criticize?

- None
- Lectures
- No
- Short time for teach deep and base concepts. I need more time
- It was a deep and better learning
- It was a lot of time in class

What you would value more?

- All the activities
- Deep and native (local) education and learning
- It was good
- Deep learning
- Workshops

Other observations (it is important to have them!)

- May be planets
- I think for ever region and country, we need native instructional materials
hmm...like map and handicraft. With local explanations. Thanks
- I low physic,and theaching for other person
