What especially criticize?

- Maybe it is because of time that the participants are crowded during demonstrations, so try to fix it for next.
- Time limitations
- To add some fee

What would you value more?

- These courses should continue
- Try to prepare such type of training monthly
- The way how the universe, described is very well and the way how to deal with polarization using eye glass is very interesting
- To be consider in more advanced
- The tanning must be periodic
- In my viewpoint, it was interesting, but it would be once repeated

Other observations?

- The time is too short
- From my point of view the course is interesting and very good
