a) Exchanges and contacts with other participants?

Very interesting	Interesting	Uninteresting
30%	65%	5%

b) What is your opinion about the usefulness of the course to their teaching?

Very useful	Useful
30%	70%

What especially criticize?

- Nothing
- The time was too long
- No criticize
- I love workshops and working groups and learn about astronomy
- No
- The time of the course was intensive
- I have no criticism. You worked very hard to make the course. Thanks
- Have advanced and more accurate telescopes for observing the sky
- High volume contents
- None
- Observations
- Nothing. It was great
- The first workshop was complete in every sense and the content was excellent and most importantly the power of presentation by the professors was not boring due to the different age groups and it was very attractive and pleasant.

What you would value more?

- Observations
- I like sky
- Learn and speak and work and research
- Workshops
- Holding more of these courses adds to our knowledge and we can pass it on to students much better.
- Working with a telescope
- Contents
- It was better that the workshop time was short
- Peace and being happy in activities.
- Practical work.

Other observations

- I like the NASE classes: workshops and all of things that NASE have but I want to NASE have more classes and more advanced information for all.
