

## Conclusions ASTRONOMY COURSE

IRAN, QOM, 2021

At the end of the course and closing session, participants expressed their comments and suggestions. Here are several examples:

- I have attended all the courses and it is always interesting for me.
- The topic of courses is very attractive.
- All instructor teaches with enthusiasm and I enjoy it.
- The content of course is very useful and practical.
- The tools that I made in NASE workshop are simple but very informative.
- Does the NASE work with university?
- Do you have any courses for student that studying in universities?
- How do students become aware about NASE project?
