Very interesting	Interesting	Uninteresting
50%	33%	17%

b) What is your opinion about the usefulness of the course to their teaching?

Very useful	Useful
58%	42%

Very useful

Useful

What especially criticize?

- I have especial thanks to you and your pprofessional team. I am so excited to be a part of astronomy. I think that it is supposed to have more coordination between students and teachers. These sessions was so useful for me and next time I will attend these classes in Spain. In addition, Miss Rezayi was so active and useful for class. I hope to see her in other sessions. Thanks for giving this chance to us.
- The time of the workshops are too much
- Very very well
- I think you should have held shorter classes but more days, and using more up-to-date information.
- All things are good.
- Everything was fine
- More video training with better quality
- The course was compressed.
- Workshops with specialized topics such as black hole stars and...

What would you value more?

- Workshop
- Workshop and lectures with miss rezayi was so valuable for me.
- Working group activities
- Validity of the information.
- For practical work
- Examination
- Observation
- Working group
- Nice

Other observations?

- Better connection please.
- Thanks for course.
- Workshops with specialized topics such as black holes, stars, exoplanets and ...
